

MARWIN PAUL E. OLIVAR

Freelance Web Developer

About Me

I'm a passionate web developer with experience in building responsive, user-friendly websites and web applications. I specialize in front-end and back-end development, turning ideas into functional digital solutions that help businesses grow.

Experience

On-the-Job Trainee - eManagement for Business and Marketing Services Feb 2024 - May 2024

- Assisted with system setup and maintenance for clients using cloud hosting platforms.
- Provided technical support, gaining experience in infrastructure and user-side issues.
- Responded to a ransomware attack incident, managing server access recovery and contributing to cybersecurity measures and incident response.

IT & Sales Associate at eManagement for Business and Marketing Services August 2024

- Provide technical support, software solutions, and sales strategies to help clients achieve business growth.
- Specialize in web development (HTML, CSS, JavaScript, React, PHP) and client management to ensure seamless technology integration.
- Identify client requirements and deliver tailored solutions with strong after-sales support.
- Support accounting systems such as QuickBooks, AutoCount PH, and QuicknetERP, including setup, integration, and troubleshooting to optimize financial operations.
